## A MESSAGE FROM YOUR MP

## MARCH 2022 EDITION

Dear neighbours and friends,

I was honoured to take my seat in the House of Commons this fall for the very first time and get to work for our community.

My door is always open to you, and I encourage you to reach out to share your concerns, priorities and ideas for the Canada I know we can all build together.

The highlights of our accomplishments so far include:

➡ Extending pandemic supports for the hospitality sector, hardest-hit businesses and Canadian workers.

➡ Making it a criminal offence to block access to health care services and threaten health care workers.

➡ Delivering on 10 days paid sick leave for federally regulated workers.

➡ Raising the federal minimum wage to \$15.55 per hour.

➡ Banning so-called "conversion therapy."

I am honoured to advocate for our Vancouver Granville community in Ottawa.

Wishing you health and strength amidst these challenging times.

**Yours Sincerely,**

**Taleeb Noormohamed, MP**

# SPEAKING IN THE HOUSE OF COMMONS

## PAID SICK LEAVE & PROTECTING HEALTH CARE WORKERS

*"My riding of Vancouver Granville is home to many of Vancouver's health care workers and hospitals, such as Vancouver General Hospital, BC Women's Hospital and Health Centre and BC Children's Hospital. It is the epicentre of British Columbia's health care infrastructure. Those who work in the health care field seek nothing more than the ability to do their jobs safely." - Dec. 6, 2021*

## WORKING HARD FOR YOU

*"I am grateful to represent the residents of this incredible riding and work hard on their behalf every single day." - Nov. 24, 2021*

## SPEECH FROM THE THRONE

*"The Speech from the Throne... is about making sure Canadians can get vaccinated, stay healthy and keep people safe. It is about building an inclusive society and a strong economy. [It] references a Canada where people do not fear living their full lives because of race, religion, gender or sexual orientation. It notes Canadians understand that equity, justice and diversity are the means and the ends to living together." - Jan. 31, 2022*

## EXTREME FLOODING IN BC

*"After every disaster, particularly ones as horrific as the one we are living in British Columbia right now, it is the best practice to learn and to ensure that we are better equipped for the next one and better able to respond to serve those affected. Equally, we must look to the root cause of this crisis: climate change. In this case, working together in partnership to address climate change and acting boldly without making it a partisan issue is our easiest path to success." - Nov. 24, 2021*

## THE OPIOID CRISIS

*"British Columbia has been seized by the opioid crisis... It does not matter whether we are rich or poor, urban or rural, likely we know someone who has either lost their life or been touched in*

*some way by this awful crisis. The impact of the opioid crisis is devastating individuals, families and communities... stigma remains a huge barrier to ensuring people- who-use- drugs can receive safe, culturally*

*competent and trauma-informed care. Harm reduction, safe supply and addressing this as a health care issue is what we must do." - Feb. 8, 2022*

# INVESTING IN OUR COMMUNITY

I was proud to join Mayor Kennedy Stewart and the Hon. Ahmed Hussen, Minister of Housing & Diversity & Inclusion to announce 88 new affordable housing units in Vancouver through the Rapid Housing Initiative. We're working hard to ensure that every Canadian has a safe and affordable place to call home.

## BANNING CONVERSION THERAPY

**Conversion  
therapy is now  
banned in Canada!**

**It is now illegal  
to promote,  
advertise, benefit  
from, or subject  
someone to  
this hateful  
and harmful  
practice.**

**This ban coming  
into effect is the  
culmination of  
a long struggle  
by so many in  
the LGBTQ2+  
community.**

Refugee Policy ☐

# CELEBRATING DIVERSITY & INCLUSION

I was pleased to welcome, the Hon. Ahmed Hussen, Minister of Housing, Diversity and Inclusion to our community for a roundtable on Diversity and Inclusion with a

broad range of organizations in #VanGran all of whom expressed their worry about the rise of discrimination in our society. Thank you to all

who participated for sharing your insight. Together we can make our community a safer place for all.

## PUBLIC SAFETY & NATIONAL SECURITY COMMITTEE

As part of my work in Ottawa, I serve on the Standing Committee on Public Safety and National Security.

In committee, I was proud to propose a study on the Rise of Ideologically Motivated Violent Extremism in Canada. My study began in March, and I look forward to the recommendations we will make together.
